

### Pre-62 & Pre-82 Installation Instructions

Slide the bracket along the straps to achieve desired position.  
The straps have perforations running their length with one inch spacing.

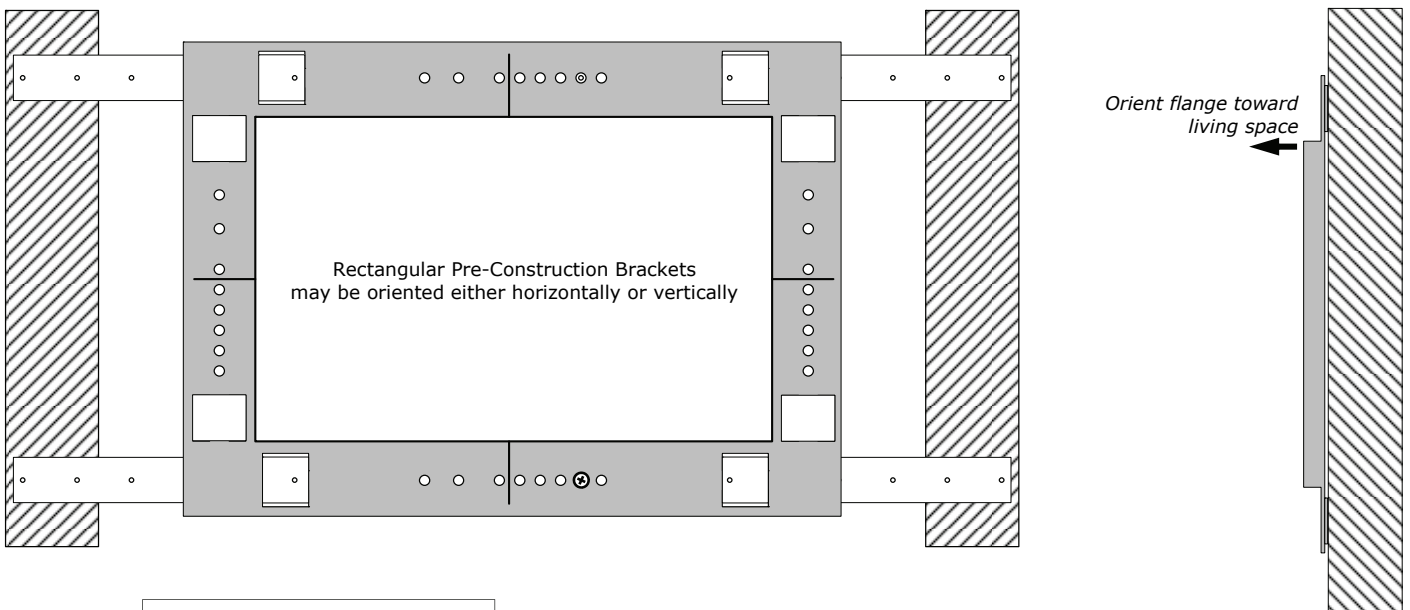

The bracket has a series of 8 indexing holes per strap location allowing it to be indexed at 1/8" intervals, as the bracket slides along the straps note that with each 1/8" of travel one of the 8 indexing holes comes into alignment with one of the 1" spaced holes on the strap.

Sheet metal screws are provided to fasten the bracket in the desired location.
